The Chicago Transit Authority (CTA) consists of both train and bus transportation in Chicago, is easily accessible, and a cost-efficient way to get around. Feel free to ask the attendants at the train stops and bus drivers for help on where to go. You can get CTA maps from the Front Desk. If you have any questions or need any assistance, let us know and we are happy to assist you.

**IMPORTANT INFORMATION:**

BUS FARE: $2.75 each time you get on a bus, including if you transfer from one bus to another.

If you pay with cash on a bus, you must have exact change. There are kiosks at the train stops where you can put money onto a CTA card (using cash or credit card), which can be used for the bus.

The bus # and direction will be announced via text at the top of the bus. The bus stops will be announced via text above the bus driver on the wall.

When you need to get off at a specific stop, pull the string running along the outer edges of the bus to let the bus driver know you need to get off.

The bus does not stop at every stop, only if people are waiting to get on or if the string is pulled inside the bus.
